After your enrolment is submitted your invoice will be emailed shortly afterwards.

---- further details on beginners class ----

Beginners Technique & Conditioning half hour class:

Focus on learning the terminology, basic arm, head, foot placements, and most importantly how to point your toes, jump, extend etc!

- New focus each week.
- Key for beginners so that you feel better able to follow along in the subsequent 1hr class. (There is limited time to pause and correct things in a normal ballet hour class, hence, the BTC class will allow for these important learning moments!)
- We'll build a strong base through glute, calf, hamstring and back activation movements.
- Will use your feedback to build out each week's new focus.
